**Blue Mountain Reservation**

**Cyclist Responsibility Code**

Always wear a helmet and keep your bicycle in good condition. Many bicycle shops offer bicycle inspections.

Control your speed at all times. Approach turns in anticipation of someone coming around the bend.

Slow down and pass with care. Always pass on the left, and let your fellow bikers know you are passing with a greeting or a bell.

Stay on designated trails. Do not create new trails. Respect the native vegetation and do not trample low-growing plants.

Do not disturb wildlife. Keep noise to a minimum and yield the right-of-way to animals that may happen onto the trail. Remember, they were there first, and you’re traveling through their turf.

Minimize your impact. Avoid excessive braking and short-cutting switch-backs, which contribute to trail erosion. Be environmentally aware.

OBEY PARK RULES. Anyone failing to obey park rules will be removed from the Park.

Please do not litter. Have pride in your park, and take all litter out of the park with you.

Respect public and private property. Observe trail markings and “No Trespassing” signs.

Know park rules. Always check with the park office for current trail status and park regulations.

Plan ahead. Each ride should be determined by your ability, equipment, terrain and weather conditions. Remember, weather and trail conditions change continuously, and you should familiarize yourself with the trail map before riding.

Never ride alone. Ride with a friend and leave word with someone on where you plan to go, your route of travel and your anticipated time of return.

Parking fee:
